Michael Audrey Myers born on October 19 of 1957 . He has a older sister judith myres and a younger sister the family resided in a two story house in Haddonfield , Illinois

by 1963 Michael was 6 years old and claimed to have suffered from bizarre , inexplicable nightmares and heard a voice in his head. the "voice" in his head tells him to do things "the voices tell me to say i hate people" says Michael. His nightmares are filled with images of actual events that took place several centuries ago at the dawn of the Celtic age. He dreamed of a disfigured 15 teen year old boy named Enda, who after rejected by his true love Deidre, brutally murdered her during the feast of samhain on Halloween night. these visions would have a much greater impact on him later on in his life

His parent's were away, and he was at home with his sister Judith who was supposed to be babysitting him, but cared more about spending an intimate moment with her boyfriend Danny. after Danny left Michael dressed in a clown costume , he went to the kitchen grabbed a butcher knife , walks up the steps and stabbed judith to death. he quietly walked back down the stairs and into the front yard where he waited for his parents and the police to collect him. Michael was taken to smith's grove sanitarium where he became the patient of a psychiatrist named Docter Sam loomius. he spent 15 years with Doctor loomius,barely moving,never speaking a word
